

COVID-19 | Corona Virus

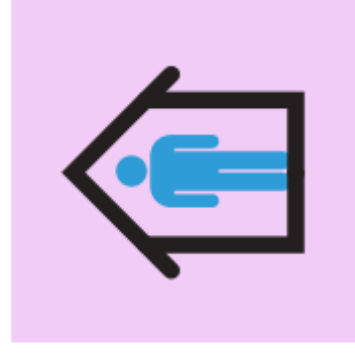

Advice for people with TB

People with **ACTIVE TB** are at **HIGH RISK** of serious complications due to **LUNG INFECTION**. Infection with COVID-19 can re-activate **LATENT TB**

Best method of protection is **WASHING HANDS** with **SOAP** for **20 SECS** and **KEEP A DISTANCE** from other people - ideally **ISOLATE** at **HOME**.

If you have any questions or concerns related to HIV/AIDS and COVID-19, contact your local primary healthcare centre
